NOVEMBER 7, 1947

Trev-Echoes Has Third Birthday

Size Shoes Will Determine Sides In New Contest

What size shoe do you wear? If you wear size 3,5,7,9, or 11 you are on one side, and if you wear size 4,6,8,10, or 12 you are on the other side in the Trev-Echoes contest. In the case of half sizes, the half is dropped.

Trev-Echoes is aiming toward 400 subscriptions to be received within the next two weeks. Today in chapel the contest was presented that the staff trusts will boost subscriptions. Unless this goal is reached, Trev-Echoes will be left crippled. Trevecca students and friends are being asked to put forth a special effort in this regard. If each student feels his obligation and obtains just ONE subscription, the goal can be reached.

Captain Billie Edwards of the even-size-side and Captain Ray Dunning of the odd-size-side will be around to remind you of your duty.

Whose de-feet?

ALL-SCHOOL PROJECT

By the vote of a two-thirds majority of the student body, the library drive has been chosen as the all-school project.

SCRIPTURE IS TO BE THEME IN PROGRAM

Tonight's literary program at 8 p.m. will be presented by the Christian Workers' Association, Adrian Rosa as president, and the Ministerial Association with Kenneth Slifer as president.

"The Master Through the Scriptures" will be a program built around scriptures and divided into three parts: (1) The Master in Prophecy (2) The Master On Earth (3) The Master—Our Hope.

Arranged by Marie Peery, An-nabell Ward, and Genevieve McMackin, the hour will include readings and special musical numbers with Mrs. Sadie Agnew Johnson as the reader of scriptures.

"Our purpose in the presentation of this type of program is more than for entertainment. We hope it will leave a conviction and will also prove to be one of the outstanding presentations of the year," Kenneth Slifer expressed.

RADIO STATION MAY BE SEEN IN FUTURE

Several boys around Trevecca, with Ben Speer included, have great plans for a miniature radio station on Trevecca's hill. So far they have sent for a diagram and are awaiting its arrival. This is only a dream so far. Much hard work plus time can see this dream become a reality, though.

McNUTT-GILLIAM TO WED

Daniel McNutt from Louisville, Kentucky, now a student at Trevecca, and Nora Dean Gilliam of Algood, Tennessee, will be united in marriage at the First Church of the Nazarene in Nashville at 8 o'clock on November 21st with Rev. H. H. Wise, pastor, officiating.

The entire student body is invited to the wedding.

WHAT'S HER ADDRESS? LOOK IN DIRECTORY!

Student directories will be on sale possibly by the first of December for those who wish to have a list of all Trevecca students and their home addresses. This will help in the making of a Christmas list and will also be of benefit next summer in ones correspondence.

Harold Coats, associate editor of Trev-Echoes, is editing the directory with the assistance of Neva Gay Mackey and Lovie Penneyouff as typists. Neva Gay is taking orders for the directory which will sell for 75c per copy.

FIRST EDITOR

HOWARD WALL

October 26, 1947

According to my calendar, November 8, will soon be here. I would like to congratulate Trev-Echoes, the editor and associates, on this third anniversary.

In the first issue, appearing November 8, 1944, Dr. A. K. Bracken stated that the first staff had, "set limitations to safeguard the future character of the paper." These limitations were set by the first staff, but each succeeding staff has realized the importance of keeping Trev-Echoes on a level where it would be of real service to all who read it. My desire is that Trev-Echoes will not be limited to future progress but that limitations to safeguard the future character will always be recognized.

I appreciate all the effort that is being put in each issue—I realize the great task of producing a college newspaper. Congratulations, Trev-Echoes, you are now three years old. May you continue to grow and serve Trevecca Nazarene College as long as she shall stand.

Sincerely,
Howard Wall
Editor '44-46

Hoosiers Organize For First Time

The Indiana Chapter of the Ramblers Club is something new at Trevecca. The purpose of the chapter is not that of working against the Ramblers Club but to back the club in every way. "We are 'Hoosiers' from the top of our head to the sole of our feet but we are also just that much all out for Trevecca and her standards."

The officers are:

President-Rosalyn Hendershot
Vice-President-Wanda Pinaire
Secretary-Joanne Cook
Treasurer-Keith Bottles

SORRY!

The pastor of Grace Nazarene Church in Nashville is not Rev. Charles Strickland, but Rev. S. W. Strickland. Our apologies for this error in the last issue.—The editor.

Forty Voices Are To Compose New A Cappella Choir

Do I hear music? La-la-la-la-la-la-fa-la. It sounds as if it's coming from the auditorium—sounds real pretty. Let's go closer.

Now I see Professor Irwin standing very erect holding a small white stick (pardon me, I mean baton) in his hand. Fa-la-la-la-fa-la-la-la. There they go again. Oh, I catch on now! They are practicing for the a cappella choir.

The choir will be composed of approximately forty voices. This organization will consist of the more select talent of Trevecca.

It will not be very long now until Trevecca will have a radio program and the a cappella choir will be in whole and in parts furnishing music for the broadcast.

I quote Professor Irwin as saying, "We sincerely hope this organization will be a great credit to our institution."

Trev-Echoes Sees Growth In Past And Looks Ahead

Trev-Echoes is beginning the fourth year of its history. The first issue, mimeographed on one side of legal-sized paper, appeared on the campus on Freshman Day, November 8, 1944. The name TREV-ECHOES was suggested by Dr. Bracken and Marion (Edwards) Jewell. It was organized under the sponsorship of the College Sophomore Class of 1944-45. Howard Wall was the editor for the first two years of publication of Trev-Echoes.

A paper published by students proved so popular that it began to grow immediately. On February 2, 1945, Trev-Echoes changed from the one mimeographed sheet to a four-page printed paper.

"The supreme purpose of the paper is to spread our own campus news. We all want to make this paper a success, but unless we have the help and full cooperation from the faculty and student body our paper will be a failure," as quoted from the first issue of Trev-Echoes.

The first anniversary of Trev-Echoes was observed by faculty and students in chapel November 8, 1945, even as far as a cake with one candle. Mrs. Mackey, sponsor of the class and faculty advisor of the paper, gave a brief history of the paper. Dr. Bracken lighted the candle on the cake and the faculty and students sang "Happy Birthday Trev-Echoes."

Dr. Mackey spoke on the importance of a school paper to Trevecca. He said that Trev-Echoes should be a representative of the students and goals which Trevecca College is striving to attain. He stated that Trev-Echoes could publish those big things and happenings that will help a school go forward.

"I hope Trev-Echoes will grow up," he said "and do those things that are worthwhile for the cause of Christ."

After another year passed the paper more than doubled the size of the previous issues. It was a regular-sized school paper each page twelve by eighteen inches. During the third year of Trev-Echoes publication many new additions were made such as "Piercing Arrows," "Moments of Meditation," and "As the Faculty Sees It." New and attractive headings were made.

With the cooperation and help of every student and faculty member the Trev-Echoes Staff will be able to publish the best school paper Trevecca has ever had. Our new editor is Grace Eby and our faculty advisor is Bro. Spencer.

This is autumn and the leaves are falling so fast I can hardly see what's going on on the campus. On top of that my tongue gets over my eye tooth and I can't see what to say. "Korny" wasn't it, "Kernel"?

If you're wondering why JIMMY and MILDRED PITTMAN look a little lost these days it's because their true loves have gone back to Kentucky.

Also MOE AKERS doesn't look any too happy since LOUIE JETER left her and went back to Miami. I wonder if it's possible that she will see him Christmas?

Just ask JIMMY TATE and LEON BARNES "What should be done about the Negro problem in the South".

I wonder why HERB BROWN has decided to join the Florida Club this year. HERB is quite a rambler. He's been in the Tennessee Club, the Kentucky Club, and the Alabama. Ask him why.

Bro. Lincicome got response from the platform one day when he said that old maids don't get married because they are too particular. MISS PERSON nodded her head.

JIMMY HOKADA and LOLA BASKETT seem to be doing all right. More power to you, JIMMY.

JOHN CHAMBERS, where were you Sunday afternoon about 4:00? I looked for you.

HOMER (RADAR) BENSON has picked up another girl. She is MARY LEWIS STRODE. I might add that they go well together.

What is this between MARION LUMPKIN and SHIRLEY VAN LUVEN? Anything serious? SHIRLEY says, "Ask me, ask me, go ahead and ask me".

It looks like EUGENE CAIN is in a race with a certain undertaker. Who will win? Time will tell.

RUBY BLACKBURN had been telling everybody that comes through the lunch line that she is having a hard time convincing the men around here that they need another rib. (Especially one.) Right now she's a side issue and is having a hard time finding the main issue—Frank. Has anyone seen Frank? He disappeared.

KEITH BOTTLES just literally haunts Purity these days. Ask Gwen why. I heard that GWEN beat WILMA LOBB up to get her out of the way.

MARTHA MOORE and CARL HADDIX have been seen together quite a bit lately.

I noticed a certain couple in the Darda Program the other night. It was LONA TETER and NORMAN SAVAGE. Can't you two do something about that? You look awfully cute together.

I guess I've done enough damage for one day so I'll sign off until later.

As the Faculty Sees It

As in the New Testament book of Hebrews, so in our school activities the key word should be "better". We need to be better teachers, better students, better leaders, better followers, and most of all better men and women, boys and girls. We need better equipment, better methods, better use of our time, and most important in this regard, the will to make what we have serve our purposes better.

The biggest problem confronting any one of us is that of finding the right thing to do. We can always remind ourselves, or find someone who will remind us, of the things we should not do, but it is more important that we are able to find and do the things which we should do. While it is true that we need the "thou shalt not's", none of us can fill a place in life on the basis of these alone. With every one of these there should be an accompanying "thou shalt". The person who loses himself in doing good has solved the problem of shunning evil.

It is said of Jesus that He went about doing good. If we will follow in this way, we will find ourselves constantly being made better. And if things and people around us are not improved, they will seem much better because of the change which has taken place within us. Through this year may we live and love and serve in such a way that our lives may brighten our corner and the world will be a better place in which to live.

D. H. Spencer.

"The ones who say that they do not take any stock in holiness can be assured that holiness takes no stock in them."—Bub Robinson.

Let's meet at HARVEY'S after the Literary Program.

HAPPY BIRTHDAY!

Congratulations, members of the Trev-Echoes staff of 1947-48. I predict for you the greatest and best year yet in the publication of Trevecca's school paper.

I remember the enthusiasm among the students when the paper made its first appearance three years ago. I remember the enthusiasm of the student body, and especially of the editorial staff, last year when the enlarged edition appeared on the campus on Trev-Echoes' second birthday. I can imagine your enthusiasm this year as you plan the third anniversary issue.

As Trev-Echoes continues to push those big things and happenings at Trevecca—those things that are worthwhile for the cause of Christ and those things that will enrich the lives of the students of Trevecca, I am confident Trev-Echoes will become even more popular among the friends, alumni, and students of Trevecca. A great responsibility rests upon you as a staff, but the issues already published this year prove you are qualified for your task.

Congratulations to all of you and best wishes for a successful year.

Bernice Roedel
Editor '46-'47

GRACE EBY

SCHOOL SPIRIT

Standing in the lunch line the other day, I was talking with a student. In the course of conversation, she asked me what I thought about one day a week having a chapel service devoted to student problems.

This, in my estimation, would help to boost the school spirit around Trevecca. We need to better understand each other and the problems that confront us. We can strive to understand and help our neighbors only if we know the why, how, when, who, and what of the circumstances involved.

Trev-Echoes is not being published for the enjoyment and satisfaction of a small select group. We, the staff, are trying to promote school affairs and projects that will be of vital interest to each student.

Now since our school-wide project has been decided upon, why not forget our opinions before last Monday's election and everyone whole-heartedly put this project across? How enthusiastic are you about improving Trevecca?

"Make every occasion a great one. You never know when your measure is being taken."

Grace Eby, Editor

ROVING REPORTER

By Billie Edwards

This week I'm not going to ask any questions. One reason is that all of them are stupid and another is that I don't feel like doing so. If you will bear with me I will just report to you a few little happenings around the campus.

You new students may not know her but I know the old ones will remember LOU OUIDA CARLTON. I noticed her in the dining hall the other day and we certainly were glad to see her. Why don't you come back to stay, Lou Ouida?

Last week I also noticed CHRISTINE MILLER running around here. Come back and visit when you can't stay so long, Christine.

Something will have to be done about the crowded area around the mailboxes. I heard that one girl almost got her head bumped off in the rush. (It was PAULINE BUMPUS). Now, I don't want my girl friend's head bumped off so why don't just a few of us go in at a time instead of herding in like cattle. I'm sure we'd get our mail quicker that way.

All you people who read Pig Latin will know what this next paragraph says. Otherwise, you're in the dark.

Itay isay umoredray atthay Ord fay Oonbay esterspay Estheray Odumay otay eathday, anday eshay ontway evenay ooklay atay imhay. Atthay isay aughlay.

That stuff could drive you crazy if you weren't already crazy.

MABEL CARR was talking Pig Latin in her sleep the other night. Her roommate said so.

Have you been enjoying the specials in chapel? Our thanks go to PROFESSOR IRWIN for the good music.

NILE WEST just loves women. He loves one best of all though. It's GENEVA MAYS. He talks love to all the women, even MRS. SPENCER. He was doing all right last Friday night with BERTHA RIGHOUSE. (Understand, they were in the Darda Program.)

I must close. If you don't like this column, write it yourself.

"Fishy" Business Was In Mummy Tent On H-ween

Scared! You would have been too, if you had been at the Halloween outing the high school seniors gave the juniors at Dr. Mackey's farm.

The ghosts and goblins were flying high and you didn't need any imagination to see them. For more information on this matter see any of the juniors.

It was 5 o'clock and the juniors and seniors were ready to go. We piled on the bus and found our seats without any trouble, except Ben Murphy, and he didn't seem to appreciate the seat the boys had saved for him. When we arrived at the farm, the large bonfire was lit and we sang and played games, until it was dark enough for the juniors to get the full effect from the mummy tent. Believe me, they got it too, right in the face. Of course, you can call it effect if you want to, but I would call it "odor". There was some "fishy" business going on in the mummy tent.

The juniors were taken through the tent one at a time. It was a good thing, too, the way Polly McCosh was running around. Someone might have been trampled to death. We probably would have been there yet if we had to wait on Prof. Hammond to go through the tent. For some reason, he does not like to shake hands with mummies. Of course, I don't see how it could be anyone's favorite pastime. Oh, by the way, have you been wondering why the juniors turned a peculiar color at the sight of the macaroni at dinner the next day?

Then came the most interesting part of the evening—refreshments. By this time the juniors really needed refreshing.

While riding back on the bus, we all freely admitted that we had had a swell time.

Moe Akers, Reporter

"I work like it all depended on me, and trust like it all depended upon the Lord."—J. O. McClurkan.

JUST SOME STUFF
By Fluff

Hi! Gals!

Here I am again. There's not much to chloroform you with, I mean inform you with, but as you know, we haven't much of a line-up. It can't be printed until we get it all together. I figured I'd talk on a little topic that all of us could be better on. Before I start I want to put the idea over to you that I'm not fussing, I'm not criticizing or trying to mess up things. I just want to help. This is for the boys as well as the girls—so gather 'round. Here goes!

Good sportmanship is one of the best things a person can have. If you are a good sport and can take things with a smile—Great! That's good! You have accomplished something. But if you cannot, why not try and attain some? When you go out to play a game, are you interested in seeing how many fellows you can hit or boast the fact that you starred for two years? Or are you going out to play with the attitude "May the best man win", hoping it's your team? Both sides cannot win. So if the other side gets the best of your team, play as you never played before. Don't give up in the half; you may win in the end. Fellows and gals, when your team gets the low score, don't feel too bad because your day is coming soon. Take it on the shoulder and give the other team a hearty slap on the back. No, I didn't say beat them until their teeth fell out, but just tell them you are glad they won and that they will have to be pretty good next time because your side is going to win.

We have done fairly well this year, but there is still room for improvement. Let's see if we can be the best sport ever—not only in athletics, but in every school activity. It will make us better and also will help the school.

Thanks a million for listening. Be good and be sports. See you next week.

John Wesley, the founder of Methodism, used to recall that as a youth his behavior often displeased his father. His mother was more forbearing. "How can you have the patience," exploded the elder Wesley, "to tell that block-head John the same thing 20 times over?"

"Why," replied Mrs. Wesley, "if

SOPHOMORES START SEASON OFF WELL

The college sophomores opened their schedule October 23 by taking the top position against the Green Frosh 7-0. It also was for the Frosh a first game.

The sophomores' line was heavy and fast, which proved to be the deciding factor in their victory. Ends Steele and Smithson charged hard and broke up the freshman's running plays.

In the first quarter the lone touchdown of the afternoon was made. The sophs drove to their opponents' 10 yard line, and Haney, on a sweeping end run, lugged the ball over from here. Brown's pass to Steele was good for the extra point.

The frosh came back with the kick-off and battered their way deep into enemy territory. They went to the sophs' 10-yard line marker, but then lost the ball when their pass was intercepted by Haney. Thus, the freshman's scoring threat was stopped.

In the last half neither team's goal was seriously endangered. However, McCaskell did some nice broken field running. The final whistle blew with the sophomores on the offensive in frosh territory.

Green Frosh	Sophomores
7 Yds. gained rushing	29
14 Passes attempted	10
7 Passes completed	3
7 First downs	4

SOPHS TAKE SECOND GAME

The sophomores played their second game October 30th against the college juniors. Again they triumphed 12-0, giving the juniors their second defeat.

The first touchdown came in the last minutes of the opening quarter when a sophomore back-snatched a junior pass and scampered over from the 25-yard line.

Again the sophomores hit dirt in the beginning of the second half. Brown picked up 8 yards on a run and Tuggle followed with 10. Then Brown threw a long pass to Smithson for 27 yards, making it first and goal to go. On the very next play Smithson took a pass from Brown for the final marker of the game.

Noticeable was the fact that only one punt was made. Glendenning punted 40 yards for the juniors.

Juniors	Sophomores
4 Yds. gained rushing	54
15 Passes attempted	15
5 Passes completed	3
1 Pass interceptions	3
1 First downs	5

I had told him but 19 times I had wasted my breath."—Philip Jerome Cleveland in THE SATURDAY EVENING POST.

Football Opens With Seniors As The Victors

Trevecca's intramural football season opened October 21st with the college seniors defeating the juniors 18-0.

A tenseness hung over the field as Eldo Lang, with carefully measured stride, advanced to boot the first kick-off of the year. The game was on!

The first quarter gave plenty of action as the heavier senior team constantly threatened to score upon Captain Hawkins' fast and scrappy juniors.

It did come in the second period, however, when Chambers tossed a 7-yard pass into the waiting arms of Dunning for the marker.

Later in this quarter the juniors started a drive that looked like trouble for the seniors. They picked 19 yards on 3 plays, but then it bogged down and the junior boys had to kick. To make matters worse, the kick was a bad one traveling only a few feet to drop into senior lineman, Pennington's arms. Pennington's field was open, and he raced 25 yards for another senior score.

In the last half 7 consecutive passes were completed by the seniors which gained them 55 yards. This drive resulted in a touchdown also, when another aerial from Chambers to Paschall carried them over.

Summary:

Juniors	Seniors
37 Yds. gained rushing	15
13 Passes attempted	19
4 Passes completed	13
43 Yds. Gained passing	98
21 yds. Aver. punts	32 yds
3 First downs	4

AERIALS TOO MUCH

In their second game, the seniors found it easy to bowl over the gold high school, October 28th. When they encountered the high school boys, however, they were up against a bunch of consistent, tireless ball players. Not once could the seniors lower their guard, for these high school fellows were wide awake and eager for a break.

The seniors' passing combination—Chambers to Dunning and Chambers to Paschall, was enough to keep the fall graduates out in front. Three of their touchdowns came on such plays.

Nevertheless the high school boys were determined to get at least one score. With one minute remaining in the ball game, the spunky team got their chance. The ball rested on the seniors' 11 with high school in possession. Brown-ing took the ball on the third down and faded back for a pass. Philemon, protecting the passer, threw a good shoulder block on a charging senior lineman and then galloped into his own left flat. Brown-ing hit him with a short pass, and Philemon went over standing up. The action ended with the score 24-6, seniors victorious.

BLUE FRESHMEN EDGE HIGH SCHOOL REDS 12-6

In a hard-fought, closely-matched game, the Blue team from the Freshman class triumphed over the Red team composed of the high school Freshman-Senior classes by the margin of one touchdown.

Billy Anderson kicked off for the Reds and Bruce Roberts received the placement, returning it to his own 8. After an exchange of punts Anderson intercepted a Blue pass and returned it to the 15. The ball was advanced to the 2 on an interference penalty. Anderson passed to A. Benson for the touchdown. Try for conversion was no good.

The next touchdown came in the last minutes of the first half when Roberts picked up a bad pass from center and ran wide around his own left end. Slonecker's try from placement was no good. The score stood 6-6 at the half.

The Blues last tally was made on a pass from Huff to Savage to bring the standing to 12-6.

Both teams had chances to push the ball across, but perhaps lack of practice caused passes to be dropped. Highlighting the game was the very good charging of both lines and Huff's passing.

SPORTS ETRUGGLES
By Tuggle

HUFF LEADS BLUE FRESHMAN BOYS ON

Blue Frosh boys rolled up another victory October 31st against the Green Frosh. It was a grim battle all the way and not entirely of the best caliber. Nevertheless, both teams had weaknesses bared and were afforded an excellent chance to improve.

A touchdown came in the second quarter when, from the Green Frosh' 15-yard line, Huff threw a pass to Moore. The remainder of the half saw each team fighting hard. A double reverse from Huff to Moore to Roberts netted the Blue boys 20 yards.

The second half was played mostly in Green Frosh territory, with the other Blue Frosh score coming on a 10 yard pass from Huff to Roberts. The attempted conversion was no good. While the ball was deep in Green-Frosh territory, the game ended.

ANDERSON WILL STAR IN PLAY PRESENTED BY H. S. SENIORS

Friday evening week on November 14, 1947 the high school seniors will present "O Love That Wilt Not Let Me Go", a two-act play. Bill Anderson will play the leading role as GEORGE MATHE-SON. In Scene I he is a college youth of 19; rather mystical and reserved; gradually losing his eyesight. In Scene II he is a mature minister of the Church of Scotland, age 40.

FRANCES and SIS, his two devoted sisters in their early thirties, will be portrayed by Adeline Boyer and Bulah Mae Hill, respectively. The MESSENGER to introduce scenes and also to act as Mailman in Scene I will be Bob McClain. Bob Benson will play the part of CHARLES, a college chum about 20. The remainder of the senior class will form the off-stage A CAPPELLA CHOIR.

THERE ARE TWO SEAS

There are two seas in Palestine. One is fresh, and fish are in it. Splashes of green adorn its banks. Trees spread their branches over it, and stretch out their thirsty roots to sip of its healing waters.

Along its shores the children play, as children played when He was there. He loved it. He could look across its silver surface when He spoke His Parables. And on a rolling plain not far away He fed five thousand people.

The river Jordan makes this sea with sparkling water from the hills. Men build their houses near to it, and birds their nests; and every kind of life is happier because it is there.

The river Jordan flows on south into another sea.

Here is no splash of fish, no fluttering leaf, no song of birds, no children's laughter. Travelers choose another route, unless on urgent business. The air hangs heavy about its water, and neither man nor beast nor fowl will drink.

What makes this mighty difference in these neighbor seas?

Not the river Jordan. It empties the same good water into both. Not the soil in which they lie; not the country round about.

This is the difference. The Sea of Galilee receives but does not keep the Jordan. For every drop that flows into it another drop flows out.

The other sea is shrewder, hoarding its income jealously.

It will not be tempted into any generous impulse. Every drop it gets, it keeps.

The Sea of Galilee gives and lives. This other sea gives nothing. It is named The Dead Sea.

There are two seas in Palestine.

There are two kinds of people in the world.—Bruce Barton, from McCALL'S.

New Equipment And Pets Brighten Science Room

Three flying squirrels have been the latest addition to the science department. Jimmy Errickson has taken over the responsibility of caring for the squirrels and has built a cage six feet high, four feet long, and two feet wide for them. Inside, to make the place more homey, is a branch cut from a hedge-apple tree. Mrs. L. P. Gresham says they like human companionship. However, they do not get much around here because they sleep during the day and play at night. (???)

The Alumni Association is helping Trevecca in working toward accreditation. Starting last year, they have helped equip the science department with nine microscopes, six of which were new this year, a micro-projector, a screen, a machine for slides or pictures from books, several new charts, and cabinets were built during the summer of 1946.

Jimmy is planning to build an aquarium for the snake and five small turtles that they have in the department. A possum was brought in the other week by Adrian Rosa.

Note: The squirrels have deceased since the writing of this story.

Many irate citizens are complaining to the Better Business Bureaus about having merchandise mailed to them that they have not ordered and do not want—and then being billed for it. Not long ago a Chicago physician received such a package with the following letter: "We are taking the liberty of sending you three exceptionally fine ties. Because these ties have the approval of thousands of discriminating dressers, we know you will like them. Please send \$2."

The indignant doctor replied: "I am taking the liberty of sending you \$2 worth of extra fine pills. These pills have helped thousands and I am sure you will appreciate my thoughtfulness in sending them. Please accept them in payment of the ties which you sent me recently."—THE REPORT OF THE CHICAGO BETTER BUSINESS BUREAU.

LINCICOME GIVES TO STUDENTS TREASURES

"Where you go hereafter depends upon what you go after here."

"Time is the stuff we make life out of."

"Big jobs never make a big man, but a big man can make a big job."

"It's not where we stand, but in which direction we are moving."

"Christ emphasized deeds; not creeds."

"We are not to be isolated; but insulated."

"Not, 'Let your lips so speak', but 'Let your light so shine.'"

"Your spiritual life is as deep as your convictions."

"A belief is what a man holds; a conviction what holds a man."

"We live what we pray and pray what we live."

"Some may go through college, but the college does not go through them."

"No one leaves their footprints on the sands of time sitting down."

"Strike when the iron is hot' the saying goes. But we should 'make the iron hot by striking it.'"

"All Bible truth is equally inspired, but not equally important."

"Genius is 2% inspiration and 98% perspiration."—Thomas Edison.

The train was pulling out of the station when a young man threw his bag onto the observation platform, and swung himself up over the handrail. He stood panting but triumphant as the train gathered speed.

An elderly party on the platform observed him with some scorn. "You young fellows don't keep yourselves in condition," he snorted, "Why, when I was your age, I could carry a cup of coffee in one hand, run half a mile, catch the 8:15 by the skin of my teeth, and still be fresh as a daisy."

"You don't understand, pop," puffed the young man. "I missed this train at the last station."

Private opinion creates public opinion. Public opinion overflows eventually into national behavior and national behavior, as things are arranged at present, can make or mar the world. That is why private opinion, and private behavior, and private conversation are so terribly important.—Jan Struther, A POCKETFUL OF PEBBLES (Harcourt, Brace)

The office of government is not to confer happiness, but to give men opportunity to work out happiness for themselves.—William Ellery Channing.

Dr. Harper And Rev. Swim Spoke In Prayermeeting

Wednesday night, October 29, it was an honor to have Dr. Harper and Rev. Swim as guest speakers in the prayermeeting at College Hill Church. Dr. Harper is editor of Nazarene Sunday school literature and Rev. Swim is co-editor. Brother Swim spoke briefly, after which the service was turned over to Dr. Harper, who spoke on the Sunday school and told about the many kinds of literature provided for the different departments. He compared working in the Sunday School to the construction of a building. The place to start a building is from the ground. In the Sunday School this means to start with the younger children and go on up with the building.

For chapel services November 12, 13, and 14 Dr. Washburn is to be the special speaker. He is Professor Emiritus of Music at Scarritt College here in Nashville and we are fortunate to have him in our chapel services. He is to give lectures on hymnology. Last year he was here for one day and gave a fine lecture which was enjoyed by both the students and the faculty.

We want Dr. Washburn to feel welcome here because he has some things very educational, as well as interesting, to present through his lectures. Do your best to be in chapel on these days—November 12, 13, and 14.

Dr. Harper and Rev. Swim were in Nashville for a week taking part in the National Sunday School Lesson Conference. It was a blessing and an inspiration to have them visit our school and we wish to welcome them back at any time they wish to come.

In a strange village I asked a Vermonter for aid in finding a man.

"Do you know Underwood?"

"Yep."

"Do you know where he lives?"

"Yep."

"Do you thing he's at home now?"

"Nope."

"Well, where can I find him?"

"Here. I'm Underwood."

—Roderick Peattie, THE INCURABLE ROMANTIC (Macmillan)
